

The skin oncology multidisciplinary team

Patient Information Leaflet

You are under the care of the skin oncology department and your care is managed by the skin oncology multidisciplinary team (MDT). The team consists of:

- consultant plastic surgeons
- dermatology consultants
- a consultant histopathologist (who interprets biopsies)
- a consultant radiologist (who interprets X-rays and scans)
- a consultant oncologist (who provides cancer treatments)
- clinical nurse specialists
- an MDT coordinator

The team meets weekly to discuss the most appropriate care for all new patients and those patients whose condition has changed, based on the information from doctors' examinations, biopsies, scans and X-rays. Once these meetings have been held, if your care has been discussed, an appointment will be made for you with your consultant to discuss suitable treatments.

If you would like a permanent record of your consultation, such as a copy of the letter sent to your GP, please ask when you see your doctor or nurse.

If you require any more information or wish to contact a member of the team, your first point of contact should be a clinical nurse specialist (CNS) or your consultant's secretary.

Contact information

Name	Role	Contact No
Tracy Beese	Skin Clinical Nurse Specialist	01384 456111 ext. 3088
Linda Pallett	Sister Skin Oncology	01384 456111 ext. 3088
