FREEDOM OF INFORMATION ACT 2000 - Ref: FOI/012095

With reference to your FOI request that was received in connection with 'Cancelled operations', please see response below.

Under the Freedom of Information Act, please could you provide me with information about the number of operations that have been cancelled in the previous three months (15 October 2014 to 15 January 2015), either elective or urgent and either cancelled on the day or in advance, where the patient's primary diagnosis was malignant neoplasm (Codes starting C in the ICD-10).

Please could you also provide me with the same information for three months covering 15 October 2013 to 15 January 2014.

The Trust is unable to provide this data.

The Trust records a patient's primary diagnosis for admissions but not for cancellations
