FREEDOM OF INFORMATION ACT 2000 - Ref: FOI/012146

With reference to your FOI request in connection with 'Obese patients' please see response below.

I would like information relating to:

- a) The amount of money spent by your NHS Trust on equipment and adaptations for obese patients over the last 5 years and a detailed break down on what exactly this money was spent on - i.e operating table, bariatric equipment, the widening of corridors, etc.
- b) The amount of money specifically spent on larger toilets for obese patients or the adaption of toilets for obese patients over the last 5 years.

The Trust has a disclosure log which has responses to previous Freedom of Information requests regarding obese patients.

Please go to <http://dudleygroup.nhs.uk/about-us/freedom-of-information/> and then click on 'disclosure log' on the left hand side.

In the search box if you type in obese and/or bariatric it will bring up previous requests that may be of interest to you.

Reference numbers 011062, 011389 and 011727 are some of the numbers that may be useful to you.

If you need any further information e-mail FOI@dgh.nhs.uk quoting reference number FOI/012146.
