FREEDOM OF INFORMATION ACT 2000 - Ref: FOI/012170

With reference to your FOI request that was received in connection with 'Cancer', please see response below.

Following up from our request please could you provide me with the number of SACT submissions for Lower GI (Colorectal) Cancer (ICD Codes C18-C20) and Head of Neck Cancer (ICD10 Code C00-C14 and C30-32)

Can you please supply data for the last 6 months.

Without an e-prescribing system, we are submitting SACT data via Somerset Cancer Register and manual collection. The latest Data Completeness report shows that we have made 36 submissions for Colorectal Cancer from 1.7.14 – 31.12.15.

We have no recorded submissions for Head and Neck cancers as these are treated at Royal Wolverhampton (New Cross).
