FREEDOM OF INFORMATION ACT 2000 - Ref: FOI/012256

With reference to your FOI request that was received in connection with 'Wound therapy devices' please see response below.

How many Negative Pressure Wound Therapy Devices did the Trust use in 2014? - 339
Do you currently have a contract for Negative Pressure Wound Therapy Devices? - Yes
If the answer is yes for the above:

1. Who is this contract with - Molnlyke under the Health Trust Europe Framework Agreement for Negative Pressure Wound Therapy Devices and Consumables.
2. What was the contract start date - 2/1/2013
3. What is the contract due to expire - 1/1/17

With reference to the above question, are these devices owned or rented - Rented
If rented, please specify the amount the Trust spent on renting Negative Pressure Wound Therapy Devices in 2014 - £30k

What was the Trust spend on Negative Pressure Wound Therapy Consumables for the period of 2014 - £47.5k

How much did the Trust spend on replacing lost Negative Pressure Wound Therapy Devices in 2014 - None

How much did the Trust spend on warranty and servicing of Negative Pressure Wound Therapy Devices in 2014 - None

In 2014, how many patients were reported as delayed discharge and can you supply this data at department level with the total number of days delayed discharge?

Please see response below.

For 2014 the monthly delays were:

Month	Patients	Days
January	36	761
February	29	621
March	46	802
April	09	626
May	34	681
June	32	668
July	45	815
August	31	817
September	28	724
October	38	1176
November	50	986
December	37	913

These figures have been taken from our monthly sitrep returns and include data for all localities.

The SITREP only records data for whole of the Trust and we do not write the figures out by ward; this information is held in paper format within discussion lists, which are reviewed weekly. Therefore to collate the paperwork to enable the Trust to respond to the information at departmental level would take more than 18 hours. Therefore the Trust would like to use (Exemption 12(1) cost exceeds the appropriate limit.
