FREEDOM OF INFORMATION REQUEST 012561 – abandoned cars

I would like to know the following.

1) How many instances of abandoned motor vehicles were recorded between 2004-2015? If the data doesn't stretch back to 2004, please use the earliest you have.

2) If a 3rd party was called to recover, what was the average cost involved?

The Trust does not hold this information, any recoveries would have been organised through the Trust's PFI provider.

Under this PFI contract hospital car parks are owned by Summit Ltd. They currently sub contract this function to Interserve Facilities Management Limited, which manage the car parks at all 3 hospitals on a daily basis. Any abandoned vehicles would be removed once a check with the Police/DVLA had been completed
