

Don't leave it to chance...!

Regardless of your eye condition, certain symptoms may indicate you need more urgent treatment.

If you experience any new symptoms which you have not had before for example...

- Sudden sight loss or blurring of vision.
- Unexplained discomfort in and around the eye (different to headache / migraine).
- Sudden swelling, bleeding or irritation.
- Sudden difficulty focusing.

Contact your General Practitioner, Emergency Department or Ophthalmology Consultant, as you may require treatment.

Contact numbers: Mon – Fri 9:00am – 4:15pm
Tel: 01384 456111 EXT: 3633.

After 4:15pm on Mon – Fri and on weekends or bank holidays please direct all calls to Birmingham Midland Eye Centre
Tel: 0121 507 6779.

Many symptoms may be harmless or easily resolved so please raise any concerns you have early in order that they can be dealt with.
