

Having a clinical photograph taken

Patient Information Leaflet in Easy Read

	<p>Photographs are part of your medical record. They can show how you look before and after treatment. Sometimes they show how you change as you grow older.</p>
	<p>We have a team of clinical photographers at the hospital.</p>
	<p>Before we take your photograph, we want you and your parents or carers to agree and for you to tell us if you want the photograph in your medical records. You can also tell us if you want us to use your photograph to teach medical people.</p>

	<p>Your parent or carer can stay with you when you have your photograph taken. You can ask for a man or a woman to take your photograph.</p>
	<p>You may have to take some of your clothes off for the photograph. This depends on the part of your body we are photographing, for example if you have a rash on your back.</p>
	<p>We may ask you to sit down.</p>
	<p>We may ask you to stand up.</p>
	<p>We may ask you to lie down.</p>
	<p>When you are ready, our photographer will take the photographs.</p>

	<p>When they have taken the photographs our photographer will tell your doctor that your photographs are ready.</p>
	<p>If you have any questions please ask us. You can speak to a nurse.</p>
	<p>Or you can telephone us on 01384 244271.</p>
