FREEDOM OF INFORMATION REQUEST FOI/012694 – MRI & MS

In accordance to the right of information under the Freedom of Information Act 2000 I am writing to request the following information.

Number of patients with an annual review in the last 12 months and number of patients with an MRI in the last 12 months being treated with the following products:

- Tysabri
- Gilenya
- Interferon beta 1a
- Interferon beta 1b
- Copaxone
- Lemtrada
- Tecfidera
- Aubagio
- Plegridy

Please go to the Trust website <http://dudleygroup.nhs.uk/about-us/freedom-of-information/disclosure-log/> and in the search box type in 012599 this will bring up a previous response on products used.

There is no category on the Trust's PAS system to run a report for annual reviews this would show up as a follow up appointment.

I would also like to request the following information on patient numbers:

- Number of new MS diagnoses
- Number of patients who have had a relapse in the above month
- Number of relapse events in the above month

I would like this information for the period March 2015 to February 2016, broken down by month and provided to me electronically in the spread sheet provided

This information would only be available in patient's notes and they are exempt under the Freedom of Information Act.

Please go to the Trust website page for more information <http://dudleygroup.nhs.uk/services-and-wards/neurology/>
