Do you have an MLU (can you state where it is situated in relation to your maternity dept. please)

Yes

The Trust has an alongside Midwife-led Unit, Obstetric Delivery Suite and a Home Birth Service. There are no plans to create a standalone Midwife-led Unit.

Should you have an MLU; have you seen an increase in births since the MLU's introduction and has your C Section rate dropped.

The MLU births have increased but the caesarean section rate is increasing.
