FREEDOM OF INFORMATION REQUEST FOI/013388 – Stolen NHS items

What NHS equipment was stolen from your trust during each of the following financial years?

2014/15

2015/16

2016/17

Please provide a breakdown for each year separately providing the following details:

- * the type of equipment
- * the value, estimated or otherwise, of the equipment
- * if possible, a description of the circumstances of the theft
- * any disciplinary action against any members of trust staff as a result of the theft

The Trust uses a DATIX system to log incidents, thefts are recorded but there is no specific 'sub' code for stolen equipment and therefore it does not detail value of equipment unless specified in the description. Any action taken against staff would be held within individual personnel files. We have looked through the DATIX system and have only found 2 incidents recorded that specify medical equipment across this period.

The thefts were from two separate cars, one incident details what was stolen on Datix in was in January 2016 and one where specific details were not recorded was in April 2015.

Details of equipment stolen was:- Blood Pressure machine, Sats Monitor, Thermometer

What NHS drugs/medication was stolen from your trust during each of the following financial years - **None**

2014/15

2015/16

2016/17

Please provide a breakdown for each year separately providing the following details:

- * the type and (if possible) quantity drug/medication
- * the value, estimated or otherwise, of the drug/medication
- * if possible, a description of the circumstances of the theft
- * any disciplinary action against any members of trust staff as a result of the theft
