## FREEDOM OF INFORMATION REQUEST FOI/013154 - DEATHS

1. The number of deaths recorded at your trust on each date of the 2015 calendar year and the 2016 calendar year to date (November 17 or whichever is closest).

I would like you to break down the total number of deaths by each date of each year please.

Below is an analysis by week. Under NHS Digital rules where data is reported at units <5 publication of analysis is not allowed as potentially patients could be identified. Analysis by day has a significant number of days when the number of patients who died was <5.
