FREEDOM OF INFORMATION REQUEST FOI/013175 – Hepatitis C Patients

**For Hepatitis C patients:**

How many patients in total are under the institution’s care, but not under any treatment (i.e. no drugs being given for this virus)?

If possible please split by Genotype, as set out below:

**Please note the blank spaces indicate zero**

	Genotype						
TOTAL	1A	1B	2	3	4	5	6
4 a/w genotype*	23	1	2	9			

For Hepatitis C patients, how many were treated in the month (last month’s available data) with interferon containing therapy and interferon free therapy as listed below. Please use the tables to enter by genotype if possible, thank you.

**Total Patients Treated in last month**

	Genotype						
TOTAL	1A	1B	2	3	4	5	6
				1			

**Treatment Regimens in last month by Genotype**

	Genotype						
Interferon containing Treatment	1A	1B	2	3	4	5	6
Peg/RBV							
Victrelis /boceprevir (Peg/RBV)							

<u>Incivo</u> / telaprevir (Peg/RBV)							
<u>Olysio</u> /simeprevir (Peg/RBV)							
<u>Sovaldi</u> / sofosbuvir (Peg/RBV)				1			
<u>Daklinza</u> / daclatasvir (Peg/RBV)							
<b>Interferon Free Treatment</b>	<b>1A</b>	<b>1B</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>	<b>6</b>
<u>Harvoni</u> / sofosbuvir + ledipasvir							
<u>Sovaldi</u> / sofosbuvir							
<u>Sovaldi/Olysio</u> / sofosbuvir/ simeprevir							
<u>Sovaldi/Daklinza</u> / sofosbuvir / daclatasvir							
<u>Viekirax</u> / ombitasvir/paritaprevir/ritonavir							
<u>Viekirax/Exviera</u> ombitasvir/paritaprevir/ritonavir + dasabuvir							

**In respect of Acromegaly patients, please can you tell me: N/A**

1. The number of patients with acromegaly under your institution's care, and
2. The number of patients with acromegaly, under the institution's care, being treated with somatostatin analogues.
