FREEDOM OF INFORMATION REQUEST FOI/013202 – Cancer treatment

In the years 2015 & 2016 of the patients that became resident for Cancer care/treatment with inside a hospital managed by your trust, please list the annual total for the patients as described?

Year Discharge	Patients
2015	1092
2016	1401

We have looked at how many hospital spells have ended (i.e. patient was discharged) in each calendar year (Jan-Dec). We have only include Patient Classification 1 (“Ordinary admission”) where the primary diagnosis for the spell was a cancer diagnosis (ICD-10 ‘C’ code).

Patients indicate the unique number of patients that were discharged in each period. Each admission could have been for any reason, whether it was for a first treatment of a newly diagnosed cancer or an emergency admission for some other reason for example.

Further to the above please also provide the annual total for those patients families who received a pass entitling free parking during the patients stay to reduce the financial burden on the family visiting?

We do not hold the data for each speciality for parking.
