

The Upper GI multidisciplinary team

Patient Information Leaflet

You are under the care of the Upper GI (UGI) Department and your care is managed by the Upper GI multidisciplinary team (MDT). The team consists of:

- consultant surgeons
- gastroenterology consultants
- consultant histopathologists (who interpret biopsies)
- a consultant radiologist (who interprets X-rays and scans)
- consultant oncologists (who are skilled in non-surgical cancer treatments)
- clinical nurse specialists
- an MDT coordinator

The team meets weekly to discuss the most appropriate care for all new patients and those patients whose condition has changed, based on the information from doctors' examinations, biopsies, scans and X-rays. Once these meetings have been held, if your care has been discussed, we will make an appointment for you with your consultant to discuss suitable treatments.

If you would like a permanent record of your consultation, such as a copy of the letter sent to your GP, please ask when you see your doctor or nurse.

If you require any more information, or wish to contact a member of the team, your first point of contact should be a clinical nurse specialist (CNS) or your consultant's secretary.

Contact information

Name	Role	Contact No
Helen Knott	UGI Clinical Nurse Specialist (CNS)/Keyworker	01384 456111 ext. 2443
Jenny O'Grady	UGI Clinical Nurse Specialist (CNS)/Keyworker	01384 456111 ext. 2443
