FREEDOM OF INFORMATION REQUEST FOI/013538 - Ocriplasmin (Jetrea) treatment for vitreo-macular traction

We are working on a project to improve expenditure in eye departments. We are trying to understand the cost effectiveness of Ocriplasmin (Jetrea) treatment for vitreo-macular traction.

We would like to obtain data regarding the number of injections performed, and possibly cost, of this treatment in your Trust, should you have ever provided it.

The time frame would be 01/01/2016 to 31/05/2017, if possible divided by month, otherwise just a total number will suffice.

The Trust is not able to provide the information requested, we clinically code the injections but not what drug.
