FREEDOM OF INFORMATION REQUEST FOI/013619 – Sleep apnoea

I would appreciate your Trust providing me with the following as a Freedom of Information Act enquiry.

1	Which make and model of Positive Air Pressure (PAP) machines does your Trust provide to patients suffering from sleep apnoea?
1a	As Standard? Make - Philips Respironics Model – DreamStation (GBX400S15)
1b	For any circumstances where the patient is deemed to need additional features to the standard machines your Trust provide (eg APAP, BiPAP or any other type of machine instead of CPAP)? Make – ResMed Model - AirSense 10 AutoSet

2	Which make and model of Positive Air Pressure (PAP) masks does your Trust provide to patients suffering from sleep apnoea?
2a	As Standard? Make - Philips Respironics Models – Amara View, Wisp, Naunce.
2b	For any circumstances where the patient is deemed to need additional features to the standard masks your Trust provide? Make – ResMed Model – Mirage Quattro

3	From where does your Trust purchase the machines provided to patients?
3a	Direct from manufacturer? Yes – Philips Respironics machines only
3b	Through a third party supplier? Yes – ResMed machines only

4	From where does your Trust purchase the masks provided to patients?
4a	Direct from manufacturer? No
4b	Through a third party supplier? Yes (all models via NHS Supply Chain)

5	How much does your trust pay per unit for the model(s) of PAP machines you supply? Name of model supplied but price is commercially sensitive
	DreamStation & DreamStation with Humidifier
	AirSense 10 AutoSet

6	How much does your trust pay per unit for the model(s) of PAP masks you supply (including VAT, Delivery)? Name of model supplied but price is commercially sensitive
	Amara View
	Wisp
	Naunce

	Mirage Quattro
--	----------------

7	How many new PAP machines has your Trust supplied to patients for each of your last three fiscal years?		
	Year	To New Patients	To Existing Patients
	2016 - 17	195	148
	2015 - 16	179	176
	2014 - 15	143	101

8	How many patients in total does your Trust currently provide PAP machines and accessories to?
	As of end July 2017 – 1224 patients.

9	How often do you review patient use of their machine and accessories in an outpatient appointment?
	All established patients on CPAP treatment are reviewed annually.
	Any patients whom require consumables or are having machine problems or issue themselves are liaised at a convenient time with the patient and the department.
