FREEDOM OF INFORMATION REQUEST FOI/013644 – Cancer treatment

How many patients were treated for cancer by your trust each year since 2010?

Unique count of Patients who were discharged in 2010 through 2016 with a primary ICD-10 diagnosis code starting with 'C'.

This includes Inpatient Admissions, Day Cases and Regular Day Attenders.

It does not include patients who were solely treated within an outpatient setting, as we do not code diagnosis codes for outpatient attendances.

Year of Discharge	Discharges
2010	2847
2011	2938
2012	3177
2013	3273
2014	3533
2015	3607
2016	3626

How many of these patients in each year were 'self-funders' or paid the trust for their treatment, either personally or through an insurer and other third party?

None

What was the total amount of money raised in this way for each year?

None

How many patients for each year were ordinary NHS patients, i.e. patients whose care was free at the point of delivery?

Please see response to Q1

How many designated cancer wards does your trust have for each year since 2010?

The majority of the work carried out on our C4 ward is for cancer patients although there may be outliers elsewhere within the Trust .

How many wards, if any, were for 'self-funders' and how many were for ordinary NHS patients for each year since 2010?

None
