FREEDOM OF INFORMATION REQUEST FOI/013740 - Electrophysiology (EP) products

Could I please make a request for the following information under the FOI Act?

What Electrophysiology (EP) products are currently under contract/tender

If yes what is the contact renewal date

What % of the business (Revenue) is on tender?

Who is the current provider on the tender for EP products

Do EP and Cardiac Rhythm Management (CRM) share any contracts/tenders

How many intracardiac echocardiography (ICE) procedures did you carry out in the last 12 months August 2016 to Sept 2017

How many Mediguide procedures did you carry out in the last 12 months August 2016 to Sept 2017

How many ventricular tachycardia (VT) ablation cases did you carry out in the last 12 months August 2016 to Sept 2017

How many VT ablations where carried out using Ensite

How many VT ablations where carried out using Carto

How many atrial fibrillation (AF) ablation cases did you carry out in the last 12 months date August 2016 to Sept 2017

How many AF ablations where carried out using Ensite in the above period

How many AF ablations where carried out using Carto in the above period

What % where Paroxysmal Afibrillation

What % where Persistent Afibrillation

How many other non AF/VT ablation cases have taken place August 2016 to Sept 2017

Where any re-sterilised catheters used if so how many

How many ablation catheters were used in total in the last 12 months August 2016 to Sept 2017

How many of these where J&J Biosense catheters

How many of these where St Jude Medical catheters

How many of these where BSX (incl Bard) catheters

How many of these where J&J Smart Touch

How many of these where MDT Cyro catheters

How many of these where BTK catheters

How many of these where Cardio Focus Laser Beam

Any others

How many 3D mapping procedures have been carried out in the Cath labs August 2016 to Sept 2017

How many of these were carried out using NavX

How many of these were carried out using Ensite

How many of these were carried out using Array

How many of these were carried out using Carto

How many of these were carried out using Rythmia

How many additional new EP labs (CRM and/or EP) are expected by the end of 2018

How many refurbished EP labs (CRM and/or EP) are expected by the end of 2018

How many practising EP physicians do you have

How many days per week is each lab available for EP ablation?

What is your main EP Recording system

What was you main EP system install year

What X-Ray System do you use

What intracardiac echocardiography system do you use

What RCGS (Robotic cath guidance system) do you use

What radio frequency (RF) Generators do you use?

What is your Main Irrigation Pump

The Trust does not carry out the procedures listed above
