FREEDOM OF INFORMATION REQUEST FOI/013767 – Hip fractures

Under the Freedom of Information Act I would like to ask for the following information:

As regards hip hemiarthroplasties for hip fractures carried out at your hospital (Russells Hall) for the year 2016 may I ask:

1. Which was the most commonly used hip hemiarthroplasty prosthesis and (name/manufacturer/cemented or uncemented/cement manufacturer)? -

Depuy C-Stem cemented system

2. What was the cost of this prosthesis to the hospital (including separate cost of cement if applicable) per patient? -
Commercially in confidence
