FREEDOM OF INFORMATION REQUEST FOI/013997 – Doctors Mess

I am a medical doctor doing an audit about food in the doctors mess.

I would like to request information using the Freedom of Information Act and thus requiring a response within 20 days.

I would like to know what food items were bought by the doctors' mess at your hospital during their last/most recent shop. Usually doctors' messes buy food once a month. Please send me an itemised list or a copy of the receipt. I would be grateful for this information and your help would be much appreciated.

There is a Doctors mess at the Trust but the Doctors provide their own food and as the Trust does not pay for the food we would not have copies of any receipts.
