FREEDOM OF INFORMATION REQUEST FOI/014013 – Suppliers of software applications

Please could you share with me the responses to the following questions under the Freedom of Information Act:

1) Do you purchase commercial-off-the-shelf applications and/or software? - Yes

2) If so, do your software suppliers have certificates that ensure the security of the applications and/or software supplied?

Please respond with the number of suppliers that have certificates that ensure the security of the applications and/or software supplied vs. the number of suppliers that do not have certificates or other documentation that ensure the security of the applications and/or software supplied)
All vetted and the information is Exempt under Section 43 (information security)

3) Is it a policy at your organisation that all software vendors / suppliers have certificates or documentation that ensure the security of the applications and/or software supplied? - Yes
