

Freedom of Information request 014017

20/4/18

I would like to make a request under the Freedom Of Information Act relating to reasons for admissions of people over the age of 65. There is further information relating to the reason and intended use of this request, below.

Name of Trust:		2011/2012	2015/2016	2016/2017	Supporting notes
How many people in the following categories had a fall as their primary reason for emergency admission in 2011/2012, 2015/2016, 2016/2017?	People over 65:	677	1226	1278	
	People over 65 and with dementia:	125	299	296	
How many people in the following categories had a urinary tract infection as their primary reason for emergency admission in 2011/2012, 2015/2016 and 2016/2017?	People over 65:	1065	1520	1528	
	People over 65 and with dementia:	226	418	356	
How many people in the following categories had delirium as their primary reason for emergency admission in 2011/2012, 2015/2016 and 2016/2017?	People over 65:	3	18	18	
	People over 65 and with dementia:	2	5	9	
How many people in the following categories had dehydration or gastroenteritis as their primary reason for emergency admission in 2011/2012, 2015/2016 and 2016/2017?	People over 65:	410	1095	1109	
	People over 65 and with dementia:	79	282	296	
How many people in the following categories had a chest infection or pneumonia as their primary reason for emergency admission in 2011/2012, 2015/2016 and 2016/2017?	People over 65:	1506	2309	2597	
	People over 65 and with dementia:	90	393	467	

The data is based on admitting episode only for non-elective patients, where primary diagnosis is in those requested, and dementia is not primary diagnosis. Falls contain both implicit and explicit fall codes'.
