FREEDOM OF INFORMATION REQUEST FOI/014107 – Social enterprise

I am looking to set up a social enterprise in therapeutic gardening for those with learning difficulties, autism & poor mental health etc. I feel this could work in a partnership somehow with DGOH trust. I am aware there is a fair amount of open space on Corbett Hospital grounds and wondered the feasibility of a garden there. Please can you inform me if the land is owned by the hospital trust & a name & e mail of who I would contact regarding the possibility of such a project

Paul Duffy | General Manager
Summit Healthcare (Dudley) Limited
Russells Hall Hospital | Dudley | DY1 2HQ
