

Check if an interpreter has been booked for you

العربية বাংলা Русский English ગુજરાતી हिन्दी اُردو Polski Português বাংলা Română

Word360 provides language services to a network of Public Sector organisations such as hospitals, Councils and GP practices across the West Midlands.

This means that if English is not your first language, we can support you at your appointment by providing an interpreter in your preferred language.

If you or someone you know is going to an appointment we can check whether an interpreter has been booked for you.

Please complete the form on this page.

A member of our team will check whether an interpreter has been booked and email you a confirmation.

Please note, we can only do this for the organisations we work with.
