FREEDOM OF INFORMATION REQUEST FOI/014207 – IT Systems – EPR

Question One

Does the Trust have an Electronic Patient Record (EPR)? - Yes

If Yes:

Who is the principle software provider? - The names of the provider has not been released, Exemption (43) has been applied given it is commercially sensitive in that providing this information may compromise information security.

Are clinicians able to access patient records at the point of care (eg: at the bedside by cart, mounted PC etc) across all applicable locations? - Yes

If no:

Does the trust have a timetable to implement EPR? - Yes

Question Two

Has the trust fully implemented Electronic Prescribing Medicines Administration (ePMA)? - No

If no, does the trust have an anticipated timescale for full implementation? - Yes

Question Three

Has the trust implemented PSAG (Patient Status at a glance/ Electronic white boarding for bed management)? - No

If Yes, fully or partially? - Partially

If partially or No,

Does the trust have an anticipated timescale for full implementation - Yes
