FREEDOM OF INFORMATION REQUEST FOI/014404 - A&E admissions linked to Xanax

To whom it may concern,

Under the Freedom of Information Act 2000, Please tell me how many people have been admitted to Accident and Emergency after taking Xanax for the following periods:

For each of the periods

- September 2017 to September 2018
- September 2016 to September 2017
- September 2015 to September 2016

In each incidence please let me know:

- What was the age of each admission linked to Xanax?
- What the outcome of the treatment was?

The Trust is unable to answer your questions.

There is no coding which specifies Xanax so a report cannot be run for this information.
