

Freedom of Information request 014592

5/2/19

I would like to request data under the Freedom of Information Act to concerning cemented hip hemi-arthroplasties following Neck of Femur (NOF) Fractures.

We would like information pertaining to Cemented Hip Hemi-arthroplasties performed at your institution(s) over a 5-year period spanning 2013-2017.

We would like to know:

1. What prosthesis is used in your institution (i.e. name/brand).

Previous hemiarthroplasty suppliers –

Supplier	Prosthesis
DePuy	C-Stem
Stryker	Exeter
JRI London	JRI

Current supplier is Smith and Nephew using their CPCS prosthesis.

2. How many Cemented Hip Hemi-arthroplasties are performed per year.  
1010 procedures have been performed for period: January 2013 – December 2017.
3. What percentage of these patients have had intra-operative complications?
4. What percentage of these patients have had complications within 120 days post-op?

Questions 3 & 4 - The Trust cannot run a report for this information as the codes will not be specific for peri-operative complications and readmissions could purely be for medical reasons.

This information would be held in patient notes and notes are not accessible under the FOI Act.

5. What is your annual mortality rate for these patients? -  
1010 admissions with a cemented hip hemi-arthroplasties for January 2013 – December 2017, of which 78 emergency patients died in-hospital.

Yearly Mortality Rate %

Jan – Dec 2013	Jan – Dec 2014	Jan- Dec 2015	Jan- Dec 2016	Jan- Dec 2017
5.2%	8.2%	10.2%	6.0%	7.7%
