FREEDOM OF INFORMATION REQUEST FOI/014689 – Computer assisted facilities management system

I am writing to make an open government request for all the information to which I am entitled under the Freedom of Information Act 2000.

In order to assist you with this request, I am outlining my query as specifically as possible.

Please can you provide information on the following:

1. Does your NHS Trust use a computer assisted facilities management system?
2. If no, are there ongoing plans to purchase a computer assisted facilities management system in the future?
3. What is the name of the computer assisted facilities management system (product name) and which company is it purchased from?
4. Provide brief information on the process in use at the NHS Trust to manage reactive and planned maintenance work including how this is recorded and scheduled.
5. Value of the current contract, date of commencement and date of expiry.
6. Who is responsible for ensuring the computer assisted facilities management system meets the NHS Trust's requirements?

The Trust does not have this information, our Facilities Management services are provided by our Private Finance Initiative partner as part of a comprehensive FM Service. Summit Healthcare (Dudley) Ltd are responsible for providing the estates and facility management services for the Trust.
