Where there is an asterix * that indicates that the numbers are low for that year so they have been added together with another year

Please note figures have been taken from 2 systems, the Trust's old incident reporting system which did not have the same level of categories to choose from to run reports whereas the newer incident reporting system has more categories to run reports from

2) Please provide, for each assault, a description of each assault and details of where the assault took place (e.g. in a secure unit/in a consultation room/hospital ward), if possible under the cost limit set out by the FOIA.

The Trust's incident reporting system does not have the capacity to run a report that would summarise details of the assault (ie punch, kick etc)
