FREEDOM OF INFORMATION REQUEST FOI/015653 – Covid

Can you please provide the following data/ information: How many people have died and registered with Covid-19 within 28 days of a positive result that have been vaccinated (either with one or two vaccines) within your settings since the start of 2021 up to present day.

The Trust is not sure what you mean by 'vaccinated within your settings'?

The vaccination programme is commissioned nationally with various delivery settings across the borough. (Black Country Living Museum, Community Pharmacies etc) . A vaccination hospital hub was set up on the Dudley Group NHS Foundation site and although vaccinations were carried out at Russells Hall Hospital this was part of the National rollout. The majority (but not all) of vaccinations carried out on site at Russells Hall Hospital were for NHS Staff or Staff working within an NHS Setting.

The Office of National Statistics are responsible for mortality data please go to their site for further information
