

Freedom of Information request 015522

3/2/21

The data we require are as follows (for period 1st January 2020 and 31st December 2020) in an electronic format that allows us to read the data into a database. Many hospitals respond to our survey and provide data in the form we require. Preferably this format is in an excel file or comma separated text file.

We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.

To calculate the level of assault-related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e. 2020.

Please also include the names of hospitals providing assault data.

Please see responses below

Qtr. Of Attendance 2020	Gender		Age Range				
	Male	Female	0-10	11-17	18-30	31-50	51+
Q1 Jan - Mar	154	62	7 in total for the whole period	35	90	68	20
Q2 Apr-Jun	87	35		8	44	47	23
Q3 Jul-Sep	152	73		21	100	75	28
Q4 Oct-Dec	85	39		15	41	43	22

Information from Russells Hall Hospital

Total number of attendances due to assault by gender, age range and the quarter in which they attended ED in 2020.

Dates and ages were aggregated into quarters and age bands to prevent the identification of individual patients.

Qtr. Of Attendance 2020	Gender		Age Range				
	Male	Female	0-10	11-17	18-30	31-50	51+
