FREEDOM OF INFORMATION REQUEST FOI/015678 – Losses and special payments

I would like to make a Freedom of Information Act request please.

In the trust's 2019-20 accounts there is a reference to the trust having to make one or more payments of more than £300k, in the losses and special payments category. It ahs to notify NHS Improvement of this.

I would like to see:

A copy of the report regarding the circumstances of this payment,
To know to which entity it was made,
When, and what the total was

- The losses and special payments category for 2019-20 does not show any single payments for £300k or more as no payments were made for this amount.
Can you please pinpoint where you have seen this?
