## INTRODUCTION

This directory of information has been collated to support patients who are living with cancer, but also for carers, clinicians, and staff within primary and secondary care to highlight the support available for our cancer patients. This will include charities, voluntary sector, support groups, secondary care, primary care, hospices, and any other support services which are accessible to our patients in Dudley.

This directory has been separated into categories with a brief description of the support available, how to refer and contact details. Many of these support services patients can self-refer too, it will be highlighted in the contact information if a health care professional is required to complete the referral. In addition, there are specific sections on cancer types based around illnesses and cancer groups. It is important patients, their families and carers are aware of what is available should they need it, and patients are cared for beyond a cancer diagnosis.

There is a wealth of information online at living with and beyond website: [www.dgft.nhs.uk](http://www.dgft.nhs.uk), click on the **A-Z services tab** and then **section L** and **Living with and beyond (LWBC)**.

The website and online directory will be updated on a six monthly basis to ensure all information so the information is relevant and correct.

We advise people to call direct to check eligibility for certain services. We hope you have found this directory useful, and the information provided.

## LWBC PERSON CENTRED CARE INTERVENTIONS (PCC): HOW TO GET SUPPORT?

### WHAT IS PERSON CENTRED CARE INTERVENTIONS?

**In this section you will find information around person centred interventions and how to access them. It is important to understand these areas to identify what you may need support with and what services are available.**

Person centred care focuses on the whole person and involves shared decision making, as well as better communication between health professionals and patients. It concentrates on what is important to the patient. A person-centred approach is about wellbeing, prevention, care, and support. Being person-centred is about focusing care on the needs of individual. Ensuring that people's preferences, needs, and values guide clinical decisions, and providing care that is respectful and responsive to them.

Thanks to our ever-improving survival rates, more and more people are surviving for longer with or beyond cancer. We are committed to making sure that everybody receives the personalised care and support they need, when they need it, to live a happy and healthy life beyond a diagnosis of cancer.

The National Cancer Survivorship Initiative (NCSI), the NHS long term plan, NHS England and improvement outlined The Recovery Package which is now known as person centred care interventions. It outlines how essential interventions are that are designed to deliver a person-centred approach. Outlined below are what these interventions are and how to access them:

### A HOLISTIC NEEDS ASSESSMENT (HNA) AND CARE PLANNING

At your diagnosis consultation you will be given a pack of information, including an HNA. A Holistic needs assessment (HNA) is an assessment, in the form of a checklist of concerns. It gives you an opportunity to think about your concerns and discuss possible solutions. The assessment can be useful at any time after your diagnosis. You answer a simple set of questions about areas of your life, such as:

- Physical
- Practical
- Emotional
- Family and relationships
- Spiritual concerns

- Information or support

A discussion takes place with a member of your team/LWBC to identify some possible solutions. This is referred to as a personalised care plan or '**A PLAN OF YOUR CARE**'. This can be useful to address any concerns you may have.

**Please refer to page 60 to review a HNA document or refer to the LWBC website [dgft.lwbcteam@nhs.net](mailto:dgft.lwbcteam@nhs.net)**

**If you have not had a HNA please contact your Clinical team or the LWBC team. For contact details, please refer to page:15 & 25**

## A TREATMENT SUMMARY

A Treatment summary is a document formulated from Somerset (SCR) Cancer register. Somerset cancer register is a database where The DGOH stores all its cancer records. The treatment summary is a simple summary of a patient's cancer diagnosis, treatment, and an ongoing management plan. The treatment summary (T/S) is completed on the SCR database, shared with the patient, and emailed to the GP

The Treatment Summary template was designed by the National Cancer Survivorship Initiative (NCSI). It is a document produced by secondary cancer care professionals at the point of when a management plan is agreed, at the end of treatment, change of treatment or if the patient is for best supportive care. It provides important information for GPs, including possible treatment toxicities, information about side effects and/or consequences of treatment, medication, signs, and symptoms of a recurrence, follow up and any actions for the GP and informs a cancer care review.

The patient also receives a copy to improve understanding of their condition and to provide a summary to share with other professionals and those of their choice, e.g., for travel insurance purposes.

## CANCER CARE REVIEW

Informed by the Treatment Summary, the cancer care review is a consultation completed by a GP or practice nurse to discuss the person's personal needs. It is carried out within three months of a cancer diagnosis and covers post-treatment support, financial impact of cancer, patient awareness of prescription exemptions, possible late effects of cancer and cancer treatment and information needs to enable self-management. Some commissioners in England have local incentive schemes to improve quality, timing and/or frequency of the CCR.

**If you have a cancer diagnosis you can contact your GP regarding a cancer care review. These normally take place from 4 weeks- 3 months from diagnosis.**

People who are living with cancer, and those who have had cancer, often have specific support needs. If these needs are not addressed, it can damage their long-term prognosis and their ability to lead an active and healthy life. These needs can include information about treatment and care options, psychological support, advice about financial assistance and support in managing their condition themselves. Carers also play a vital role in supporting people with cancer and it is important that their needs for information, advice and support are addressed.

A Health and Wellbeing Clinics aim is that everyone who has had a cancer diagnosis and is living with cancer will have access to a Health and Wellbeing Clinic/information. This will provide the support they need to enable them to lead as normal a life as possible.

### **Clinic Agenda**

Each session is delivered by a clinician with expertise in that field. Topics being covered include:

- Health needs assessment – you will have the opportunity to complete one of these during the session
- White House Cancer Support
- Citizens Advice benefits
- Action Health and what exercise can help you
- Introduction to oncology, treatments and the effects of treatments
- An introduction to palliative care
- Other support services
- Psychological support
- Nutrition support and cancer

### **Venue**

Clinics are held at Russell's Hall Hospital in the Clinical Education Centre in South Block. The sessions last about two hours and there is time to ask questions as a group or on an individual basis. Staff can attend as well for information about services available if they are looking after cancer patients.

Please refer to the living with and beyond cancer team (LWBC) website on the Trust website at [www.dgft.nhs.uk](http://www.dgft.nhs.uk), click on the A-Z services tab and then section L and Living with and beyond (LWBC) is listed there. You will find lots of useful information, resources, power points and videos, but also contact numbers for local and national support. If you require any additional support please contact your CNS, Cancer care navigator or LWBC team. Contact numbers can be found on Page 15 & 25

## HEALTH AND WELLBEING SESSIONS: BEST SUPPORTIVE CARE SESSIONS

These sessions are a health and wellbeing clinics or one to ones and are specialised for patients who have a palliative cancer diagnosis.

The term palliative care is used to describe a caregiving approach aimed at optimising quality of life. Palliative care is about holistically supporting patients and families with a life-limiting illness. It's sometimes called 'supportive care'. Any treatment that is considered palliative, is not with a curative intent, but has the intention to improve any symptoms & quality of life.

The aim of palliative care is to help you to have a good quality of life – this includes being as well and active as possible, for as long as possible. These sessions will involve the following information/talks:

- Health needs assessment – you will have the opportunity to complete one of these during the session
- White House Cancer Support what is available
- Macmillan Citizens Advice and benefits available
- Action Health and what exercise can help you
- Treatments and the effects of treatments
- Palliative care and planning ahead
- Palliative therapies and fatigue
- Preferred place of care
- Lymphedema support
- Psychological support
- Managing your symptoms

This is one session.

You can book your place through the LWBC team 01384456111 Ext 5315

## LWBC TEAM AND SUPPORT AVAILABLE

Services available	Contact Details/Referral
<p>The LWBC team support patients and their families who are living with cancer. The team comprises of two clinical nurse specialists and a cancer care co-ordinator.</p> <p>The team can support with:</p> <p>holistic needs assessment</p> <p>care planning health and wellbeing sessions and information such as exercise, support groups, clinical psychology, financial, signposting and referring to other services.</p>	<p>Patients can self-refer to LWBC or clinician/GP if they meet the following criteria:</p> <p><b>Criteria:</b></p> <p>Confirmed Cancer diagnosis (Histopathological, radiological, or clinical diagnosis)</p> <p>CNS contact</p> <p>Dudley GP</p> <p>Diagnosis in Dudley</p> <p>Please refer to the LWBC website for the following:</p> <p>LWBC Team Leaflet</p> <p>LWBC Health and wellbeing leaflet</p> <p>LWBC Best supportive care sessions leaflet</p> <p><a href="mailto:Dgft.lwbcteam@nhs.net">Dgft.lwbcteam@nhs.net</a>: our services: L for living with and beyond</p>

## CANCER CARE NAVIGATOR ROLE AND YOUR CARE

Cancer Care Navigators at DGOH	Contact and Referral
<p>When a patient is referred to the hospital via a rapid access pathway for suspected, their care will be coordinated by a team of cancer care navigators. The patient will be contacted within 2 weeks of the referral.</p> <p>A cancer care navigator is a band 4 member of staff who will be based within the multidisciplinary team. Care coordination is not one person's role, job, or responsibility. All patients will be provided a leaflet with a contact number, so they have a point of access throughout their cancer diagnosis, treatment, follow up and discharge.</p>	<p><a href="mailto:Dgft.cancercarenavigators@nhs.net">Dgft.cancercarenavigators@nhs.net</a></p> <p>01384456111 EXT 4620</p> <p>01384 244620</p> <p><b>Referral to the cancer care navigators will only be available if a patient is referred to RHH on this pathway. For information of how to refer please contact the team.</b></p>

## SOCIAL PRESCRIBING

# SOCIAL PRESCRIBING

IS NOT JUST . . .

- Signposting
- Health Coaching
- A directory of services
- Activities to fill someone's time now and then

## IT'S MUCH MORE . . .

Physical Activity	Diet & Nutrition	Mental Health	Social Support	Substance Abuse
Debt & Benefits Advice	Housing Support	Employability Support	Volunteering Support	Gambling Addiction

Social prescribing enables GP, nurses, and primary care clinicians to refer to a range of local, non-clinical services to support a person's health and wellbeing. It's about connecting people, providing information, advice and resources for community groups, organisations, and the public.

The [Voluntary Sector Social Prescribing Fund](#) is for the voluntary, community and social enterprise sector (VCSE) in Dudley borough, to help develop and provide creative, person-centred care and support for people referred to social prescribing. The aim of the fund is to:

- Help improve health and wellbeing
- Develop and provide new creative activities with people
- Help achieve longer-term recovery once people have been helped to resolve crisis situations such as housing, financial issues etc
- Help unlock people's passions, gifts, and talents
- Help nurture connections between people and increase social connections

Social Prescribing	How do I access this?
Dudley Council	Dudleycvs.org.uk 01384573381 <b>Patients can self refer: please see leaflet on page 61</b>
Integrated plus Supporting people to become more involved, connected, and active in their communities	<a href="mailto:keeley@dudleycvs.org.uk">keeley@dudleycvs.org.uk</a> <a href="https://www.dudleycvs.org.uk/about/who-we-are/integrated-plus/">https://www.dudleycvs.org.uk/about/who-we-are/integrated-plus/</a> GPS/Practice nurses/HCA can also refer.

## CANCER PREHABILITATION

Cancer Prehabilitation	Support in Dudley for Prehabilitation	Contact Page number
<p>Cancer prehabilitation occurs between the time of cancer diagnosis and the beginning of acute treatment.</p> <p>It includes physical and psychological assessments that establish a baseline functional level, identifies impairments, and provides targeted interventions that improve a patient's outcome. The goal of cancer prehabilitation is to bring the functional status, namely physical capacity, and mental health, to a higher level, which enables the patient to receive all necessary cancer treatments.</p>	<ul style="list-style-type: none"> <li>• LWBC team</li> <li>• Clinical teams</li> <li>• Action Health (Exercise)</li> <li>• Clinical Psychology</li> <li>• White house cancer support for support groups, counselling, therapies, transport, advice, and information</li> <li>• Lymph care uk</li> <li>• Dietary advice/weight management through oncology dieticians</li> <li>• Smoking cessation</li> <li>• MACCAB benefits advice and support, blue badge</li> </ul>	<p>Your clinician (Doctor, Clinical nurse specialist or consultant) will discuss the elements of prehabilitation with you at your appointment</p>

## IN AN EMERGENCY:

Out of hours/ Emergency services/Department RHH (ED)

- The Emergency Department is also often referred to as Accident & Emergency (A&E).

Services Available	Contacts Details
<p>A dedicated team of highly skilled professionals provide a 24/7 service to our local community. Our primary aims within the department are:</p> <ul style="list-style-type: none"> <li>• To deliver high quality emergency care according to the individual needs of our patients.</li> </ul>	<p><b>999</b></p> <p><b>111</b></p> <p><b>PLEASE REFER TO INFORMATION ON PAGE 19 OF WHOM TO CALL AND WHEN.</b></p> <p><b>Self-referral</b></p>

<ul style="list-style-type: none"> <li>• Manage Cancer related emergencies if required</li> </ul> <p><b>Please refer to your information of what to look out for in an emergency from your clinical teams</b></p>	
---	--

**Please visit our NHS choices website ([www.nhs.uk/urgent](http://www.nhs.uk/urgent) and emergency care) for more information on emergency care and treatment in working hours and out of hrs:**

- [When to use 111](#)
- [When to call 999](#)
- [When to go to A&E](#)
- [When to visit an urgent treatment centre \(walk-in centre or minor injury unit\)](#)
- [NHS out-of-hours services](#)

For STAFF: Out of Hours please contact the Oncologist on call at New Cross Hospital via New Cross Switchboard for advice.

For Palliative care OOH please contact RHH switch board

## SECONDARY CARE: ACUTE ONCOLOGY SERVICE (AOS)

Services Available	Contact details
<p>The Acute Oncology Team will provide advice for oncology patients who are <b>admitted into hospital</b> due to side effects of their oncology treatment or due to symptoms caused by the disease itself. They support with:</p> <ul style="list-style-type: none"> <li>• Acute oncology emergencies such suspicion of metastatic spinal cord compression and neutropenic sepsis.</li> </ul> <p>The AOS does not replace existing pathways for diagnosis/treatment. Patients continue to get support from their site-specific CNS they are not taken over the AOS</p> <p>They also support patients who present with metastatic malignant disease of unknown primary origin</p>	<ul style="list-style-type: none"> <li>• Acute Oncology Clinical Nurse Specialist (CNS) Ext. 3425 or bleep 8974</li> <li>• Acute Oncology Support Sister Ext. 3425 or Bleep 8974</li> <li>• Monday to Friday, 08:30 - 16:30</li> </ul>

## SDEC: SAME DAY EMERGENCY CARE

Services Available	Contact Details
<p>Getting a cancer diagnosis and having cancer treatment may make patients feel anxious or scared.</p> <p>SDEC are there to support patients and their families through treatment and if they become or feel unwell whilst on treatment</p> <p>If patients are having chemotherapy, they are less likely to get an infection:</p> <p>How do I know if I have an infection?</p> <ul style="list-style-type: none"> <li>• Temperature greater than 37.5 or below 35.0</li> <li>• Uncontrollable shivering, chills or shakes</li> <li>• Persistent Diarrhoea</li> <li>• Persistent vomiting or nausea</li> <li>• Constipation</li> <li>• Bruising or any bleeding for no apparent reason eg nose bleeds</li> <li>• A rash</li> <li>• A cough or shortness of breath</li> <li>• Discomfort or burning when passing urine</li> <li>• Any pain, blisters, soreness, redness or any other concerns around the site where your chemotherapy was given</li> </ul> <p style="text-align: center;"></p> <p><b>DO NOT WAIT IF YOU THINK YOU HAVE AN INFECTION OR FEEL UNWELL</b></p> <p>Chemotherapy services are being offered within THE Georgina Day Case and THE Georgina in-patient Unit (C4) at Russells Hall Hospital, where you will also find the outpatient oncology/haematology clinics.</p>	<p>Haematology/Oncology Assessment Unit (SDEC)</p> <p>On 01384 456111 ext. 4271</p> <p><a href="#">Out of hours, weekends, or Bank Holidays</a></p> <p>Ward C4/Georgina Ward on 01384 244251 or 01384 244235 08:00-16:00)</p> <p><a href="#">Lead Chemotherapy Nurse: ext. 3426 (Monday-Friday 08:00- 16:00) Home</a></p> <p>Chemotherapy Nursing Team ext. 3426 (Monday -Friday <a href="#">8am to 6.30pm</a>, <a href="#">Monday to Friday</a>)</p> <p><b>OUT OF HOURS CALL C4 01384244251 OR 01384244235</b></p>

### Services Available

GP's and practice staff have an important role in supporting cancer patients and their families. Patients can access their GP during the practice opening hours. They can offer urgent advice, support, and signpost to appropriate services. GPs can refer for particular service input, however this may differ in each locality. Services that may require a GP referral include>

- Listening and guidance bereavement support for family and carers
- Psychological counselling for cancer patients via referral to palliative care teams
- Continence team support
- Dietician input
- Occupational therapy
- Physiotherapy
- Any Hospital based service referral
- Specialist Palliative care
- Social prescribing -integrated plus
- Ask your GP about Patient access:

Patient Access is an APP which connects you to local health services when you need them most. Book GP appointments, order repeat prescriptions and discover local health services for you or your family via your mobile or home computer.

Please speak to your GP for referral if you require these services. You will find a useful list of all our Dudley GPS and Primary care networks on page 21-24

## CLINICAL NURSE SPECIALIST TEAMS (CNS)

When a patient is diagnosed with cancer they will see a clinical nurse specialist, who is a specialist nurse within that field of expertise. All patients should have a key worker, also known as a Clinical nurse specialist (CNS) or specialist nurse (SP), so they have a point of specialist contact for their care. The clinical nurse specialist will discuss the results with the patient and provide information, including a holistic needs assessment checklist (HNA) and HNA booklet for the patient to complete when they are ready.

### **Please see below a useful list of Dudley Group of Hospitals Clinical Nurse Specialists (CNS) Teams**

## SPIRITUAL GUIDANCE

Services they provide	Contact details
<p><b>Hospital Chaplain</b></p> <p>The Dudley Group NHS Foundation Trust is committed to the spiritual care of patients and their relatives.</p> <p>As part of this commitment, the Chaplaincy Service aims to help facilitate the spiritual care of patients and their visitors, and to meet whatever religious needs you may have or to make provision for you to practice your religion if you would like to</p> <p><b>Please note</b> - 'anyone' can be referred to the chaplaincy team for support.</p> <p>Pastoral Support</p>	<p>To contact the Chaplaincy team please call:</p> <p><b>01384456111 ext. 2352</b></p> <p>email <a href="mailto:dgft.chaplains@nhs.net">dgft.chaplains@nhs.net</a>, or in person by visiting the Prayer Centre/Chaplaincy office.</p> <p>If no one is available and you need immediate support, please contact the Trust switchboard on <b>0 for information</b>.</p> <p>For children of school age please Contact your school office</p>

At its simplest, pastoral care is the provision a school makes to ensure the physical and emotional welfare of pupils. The pastoral team also offer a safe space for students to discuss concerns and talk openly about their feelings. Pastoral support can be used if a child, parent, friend of that child who attends the school is affected by cancer

## FINANCIAL SUPPORT

<p><b>Hospice care</b></p>	<p>Mary Stevens Hospice</p>

<p>The aim of hospice care is to improve the lives of people who have an incurable illness.</p> <p>Hospices provide care for people from the point at which their illness is diagnosed as terminal to the end of their life, however long that may be.</p> <p>That does not mean hospice care needs to be continuous. People sometimes like to take a break from hospice care if their condition has become stable and they are feeling well.</p> <p>Hospice care places a high value on dignity, respect and the wishes of the person who is ill. It aims to look after all their medical, emotional, social, practical, psychological, and spiritual needs, and the needs of the person's family and carers. Looking after all these aspects is often referred to as "holistic care".</p>	<p><a href="http://www.marystevenshospice.co.uk">www.marystevenshospice.co.uk</a> 221 Hagley Road, Oldswinford, DY8 2JR</p> <p>As MSH is our local hospice GPs and clinicians are able to include some of the day services that are available and referral into this. They also have a number for patients to call in to speak to the lead nurse if any issues or day service questions. Mary Stevens hospice have a social worker and other healthcare professionals which can also support.</p> <p>Compton Hospice 4 Compton Road Wolverhampton, WV3 9DH <a href="http://www.comptoncare.org.uk">www.comptoncare.org.uk</a> 03003230250</p> <p>KEMP hospice The Wyre Forest Hospice 41 mason road Kidderminster Dy11 6AG 01562756000 <a href="http://www.kemphospice.org.uk">www.kemphospice.org.uk</a></p>

Side effects from Chemotherapy All patients undergoing chemotherapy are given guidance on 24 hr triage if they develop any side effects they need to be concerned about.	Ward C4 and SDEC Triage See page: 20

## TERTIARY CENTRE INFORMATION:

All Hospitals will make referrals to other hospitals for specialist services this is called a tertiary referral. A tertiary referral is a hospital which provides tertiary care, a specialty **hospital** dedicated to specific sub-specialty of care. This is a level of health care obtained from specialists in a large hospital after referral from the providers of primary care and secondary care. Within the West Midlands Cancer Alliance, we refer our patients to the following:

**The Wolverhampton New Cross hospital:** Wolverhampton Rd, Heath Town, Wolverhampton WV10 0QP **Phone:** 01902 307999

**Good Hope Hospital:** Rectory Rd, Sutton Coldfield B75 7RR **Phone:**

**Queen Elizabeth Hospital (QEH):** Mindelsohn Way, Birmingham B15 2GW **Phone:** 0121 627 2000

**The University Hospitals Birmingham NHS Foundation Trust (UHB) Phone:** 01216275774

provides adult district general hospital services for Birmingham as well as specialist treatments for the West Midlands. The trust operates the Queen Elizabeth Hospital in Edgbaston, adjacent to its older namesake and connected to it by a footbridge.

**Hospitals:** [Good Hope Hospital](#); [Heartlands Hospital](#); [Queen Elizabeth Hospital Birmingham](#); [Solihull Hospital](#)

## CANCER SITE SPECIFIC INFORMATION:

Below you will find a list of cancer site-specific information from a variety of organisations. Each service provides information, support, support group information and much more information around each area of cancer.

### BOWEL CANCER

What services they offer?	How do I access them?

## Identifying your concerns

Discussed by: \_\_\_\_\_

Date: \_\_\_\_\_

Designation: \_\_\_\_\_

Contact details: \_\_\_\_\_

Patient's name or label

This self assessment is optional, however it will help us understand the concerns and feelings you have. It will also help us identify any information and support you may need in the future.

If any of the problems below have caused you concern in the past week and if you wish to discuss them with a health care professional, please tick the box. Leave the box blank if it doesn't apply to you or you don't want to discuss it now.

☐ I have questions about my diagnosis/treatment that I would like to discuss.

### Physical concerns

- ☐ Breathing difficulties
- ☐ Passing urine
- ☐ Constipation
- ☐ Diarrhoea
- ☐ Eating or appetite
- ☐ Indigestion
- ☐ Sore or dry mouth
- ☐ Nausea or vomiting
- ☐ Sleep problems/nightmares
- ☐ Tired/exhausted or fatigued
- ☐ Swollen tummy or limb
- ☐ High temperature or fever
- ☐ Getting around (walking)
- ☐ Tingling in hands/feet
- ☐ Pain
- ☐ Hot flushes/sweating
- ☐ Dry, itchy or sore skin
- ☐ Wound care after surgery
- ☐ Changes in weight
- ☐ Memory or concentration
- ☐ Taste/sight/hearing
- ☐ Speech problems
- ☐ My appearance
- ☐ Sex/intimacy/fertility

### Practical concerns

- ☐ Caring responsibilities
- ☐ Work and education
- ☐ Money or housing
- ☐ Insurance and travel
- ☐ Transport or parking
- ☐ Contact/communication with NHS staff
- ☐ Laundry/housework
- ☐ Washing and dressing
- ☐ Preparing meals/drinks
- ☐ Grocery shopping

### Family/relationship concerns

- ☐ Partner
- ☐ Children
- ☐ Other relatives/friends

### Emotional concerns

- ☐ Difficulty making plans
- ☐ Loss of interest/activities
- ☐ Unable to express feelings
- ☐ Anger or frustration
- ☐ Guilt
- ☐ Hopelessness
- ☐ Loneliness or isolation
- ☐ Sadness or depression
- ☐ Worry, fear or anxiety

### Spiritual or religious concerns

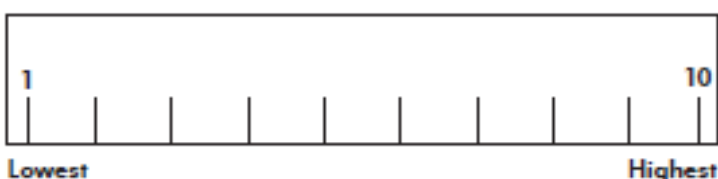

- ☐ Loss of faith or other spiritual concerns
- ☐ Loss of meaning or purpose of life
- ☐ Not being at peace with or feeling regret about the past

### Lifestyle or information needs

- ☐ Support groups
- ☐ Complementary therapies
- ☐ Diet and nutrition
- ☐ Exercise and activity
- ☐ Smoking
- ☐ Alcohol or drugs
- ☐ Sun protection
- ☐ Hobbies
- ☐ Staying in returning to work and education
- ☐ Making a will
- ☐ Other

Please mark the scale to show the overall level of concern you've felt over the past week.

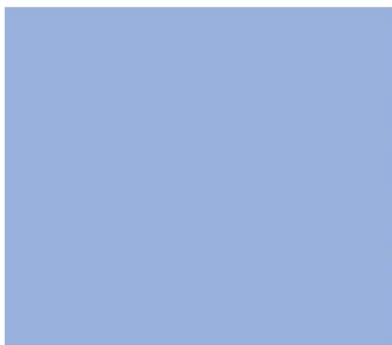

You may also wish to score the concerns you have ticked from 1 to 10.

# **WHAT IS SOCIAL PRESCRIBING?**

---

Many things affect your health and wellbeing. GPs tell us that a lot of people visit them feeling isolated or lonely. Or they might be stressed out by work, money and housing problems. Sometimes it's the stress of managing different long-term conditions.

That's where social prescribing comes in. It starts with a conversation. It might be the conversation you've just had with your doctor. Or with another person in the practice team. They will refer you to a social prescribing link worker.

The link worker is there to listen to you, and put you in touch with the people and activities that might help you to feel better.

Your link worker might introduce you to a community group, a new activity or a local club. Or they might help you find legal advice or debt counselling. They might just help you find information and guidance: a bit of inside knowledge on your situation or what local resources there are. They could even support you to create something new such as a gardening club, a fishing group, a 'men's shed' or knit and knatter group.

Social prescribing can help you to have more control over your own health and find ways to improve how you feel in a way that suits you.

Studies show that people get better and feel better faster than those treated with medicine alone. And because it works, it's happening more and more – including here in this area.

For more information about social prescribing visit  
[www.england.nhs.uk/personalisedcare/social-prescribing/](http://www.england.nhs.uk/personalisedcare/social-prescribing/)
