

# The colorectal cancer multidisciplinary team

## Patient Information Leaflet

You are under the care of the colorectal cancer team and your care is managed by the colorectal cancer multidisciplinary team (MDT). The team of expert health professionals meets weekly to discuss the most appropriate care for all new patients, and those patients whose condition has changed, based on the information from doctors' examinations, biopsies, scans and X-rays.

The colorectal cancer multidisciplinary team meetings are held on Monday lunchtimes (except for bank holidays). When all your investigations have been completed, your consultant, MDT coordinator or specialist nurse will make sure your care is discussed at the next meeting.

After the meeting has taken place, we will make an appointment for you to discuss suitable treatments with the consultant who will be giving you the treatment. This may not be the consultant you saw for your first appointment. You may need to see a consultant clinical oncologist (a specialist in non-surgical cancer treatment) to have chemotherapy or radiotherapy, before surgery.

If you would like a permanent record of your consultation, such as a copy of the letter sent to your GP, please ask when you see your doctor or nurse.

If you need any more information, or wish to contact a member of the team, your first point of contact should be a clinical nurse specialist (CNS) or your consultant's secretary.

## Contact information

<b>Name</b>	<b>Role</b>	<b>Contact No</b>
Colleen Fernando	Clinical Nurse Specialist (CNS)/Keyworker	01384 244286
Mr P Waterland	Consultant Colorectal Surgeon	01384 456111 ext. 2100
