Dear

Request Under Freedom of Information Act 2000

Thank you for requesting information under the Freedom of Information Act 2000, please see response below

In the 3 months Aug23-Oct23, the following number of patients have received the listed treatments [for any disease]:

Treatment	Number of PTs
Berinerit (Human C1-esterase inhibitor)	3
Cinryze (Human C1-esterase inhibitor)	0
Orladeyo (berotralstat)	1
Takhzyro (Lanadelumab)	2
Ruconest (Recombinant human C1-esterase inhibitor)	0
Firazyr (Icatibant injection)	3*
Generic Icatibant Injection – any brand except Firazyr	9*

*Icatibant treatments are used by patients on a PRN basis. The Trust issues a supply of medicine, patients use it accordingly and then the Trust re-issues a medicine which retrospectively replenishes the patients home supply . Therefore, patients using this medicine in the 3 months Aug23-Oct23 may have been issued them in the previous months. Due to this, the figures provided for Icatibant are number of PTs issued a supply of treatment between Apr23-Oct23, since this will more accurately reflect the number of patients who are in receipt of treatment during the 3 month period, as specified in the question.
