Date: 15th December 2023

Address / Email:

Dear

Request Under Freedom of Information Act 2000

Thank you for requesting information under the Freedom of Information Act 2000.

Request

1. Do(es) your hospital(s) have a software system capable of patient radiation dose recording and management in radiology? (Note: this could be a stand along product or be part of a PACS or other radiology platform solution)
2. If so, is it a commercially available system or a system free of cost to use?

Response

1. *The software we use is the C.R.I.S system or Computerised Radiology information system, there is also Siemens teamplay system which is PACS based.*
2. *C.R.I.S is a paid product which we have a contract for, but teamplay licence is free, usually free but may cost money to have support to set this up.*

If you are dissatisfied with our response, you have the right to appeal in line with guidance from the Information Commissioner. In the first instance you may contact the Information Governance Manager of the Trust.
