FREEDOM OF INFORMATION REQUEST FOI/012355 – Primary school children self harming

- 1) How many individual cases of primary school children self harming have been treated by A&E staff in the last 12 months.
- 2) Has this figure increased from the previous year and if so by how much.

In the last 12 months (Aug 14 – Jul 15 inclusive) there were two Primary school children who attended ED with a presenting complaint of “deliberate self harm”

In the year before that (Aug 13 – Jul 14 inclusive) there was one Primary school Child who attended ED with a presenting complaint of “deliberate self harm”.
