FREEDOM OF INFORMATION REQUEST FOI/012358 – Incidents

This is a request under the Freedom of Information act for the following information:

- 1) The number of incidents recorded that have included the word “selfie” in 2014 and 2015.**
- 2) That information broken down into the date of the incident, where it was and the nature of the incident.**

The Trust holds incidents on a centralised incident database.

However the database headings that are used to run reports would not include 'selfie' this would be in the free text within the incident recorded and the Trust is unable to run a report on free text.

To investigate all incidents freetext fields individually for the word 'selfie' would take more than the statutory FOI recommendation of 18 hours and hence the cost would exceed the appropriate limit under Exemption section 12(1) of the Freedom of Information Act.
