FREEDOM OF INFORMATION REQUEST FOI/012412 – Parenteral nutrition

1. In total, how many long-term Parenteral Nutrition (PN) patients have you had over the last three years, where long term refers to patients treated with PN for more than 28 days :

Total number of long-term patients in year 2011/12 2012/13 2013/14

Total number of PN patients treated in hospital and at home

Year	Total number of long-term PN patients
2011/2012	49
2012/2013	45
2013/2014	69

2. For those patients receiving long-term PN in a home setting (i.e. Home Parenteral Nutrition (HPN)), how many patients have you had each year, split by who has delivered their in-home treatment:

Number of HPN patients in year 2011/12 2012/13 2013/14

Treatment delivered by you

Treatment delivered by external home healthcare provider

Treatment delivered by charity/community nurses

All treatments were by external home care providers as shown by table below

3. For each HPN provider, please specify the number of HPN patients they have treated each year, split by nursed and non-nursed:

Number of HPN patients each year 2011/12, 2012/13 and 2013/14, nursed and non-nursed and provider name.

Year	Company	Total number of patients treated each year (nursed and non-nursed)	Nursed	Non-nursed
2011/2012	Provider 1	22	10	12
	Provider 2	16	5	11
	Total number for year	38	15	23
2012/2013	Provider 1	20	8	12
	Provider 2	19	9	10
	Total number for year	39	17	22

2013/2014	Provider 1	30	14	16
	Provider 2	22	7	15
	Provider 3	4	2	2
	<u>Total number for year</u>	<u>56</u>	<u>23</u>	<u>33</u>

4. Total cost of HPN treatment including nursing charge, ancillary charge and on-hold charge:

Year	Total Cost
2011/2012	£ 1,007,892.55
2012/2013	£ 1,229,818.36
2013/2014	£ 1,735,185.39

To protect the commercial confidence and the competitive environment of the service provided to the Trust, under FOI exemption section 43 Commercial Interests, in the public interest the Trust has provided the total cost and the total patients treated.
