FREEDOM OF INFORMATION Ref: FOI/013349 - Renal/kidney patients

I am trying to understand the organisation of (access to) the provision of psychosocial care for kidney patients across all renal units in the UK. Therefore, I would like to ask you to fill in the table below, in order to give me information about the following:

Do renal patients of the (outpatient) renal unit in Russells Hall Hospital have access to any of the services/staff listed below?

If yes, for how many FTE is this staff employed, who funds them and are they renal specific staff or general psychosocial staff?

If possible, I would also like to receive contact details of the psychosocial staff.

	Psychologist	Social Worker (Qualified)	Counsellor	Welfare officer	Youth Worker	Art worker	Social Support Worker (unqualified)	Play therapist	Social care practitioner	Any other psychosocial staff (name of post)
Number of staff + FTE	3 staff	0	0	0	0	0	1	0	0	0
Funded by	NHS Trust						BKPA - Charity funded			
Renal or general staff	General staff with protected renal unit time.						Covers the Midlands region.
