FREEDOM OF INFORMATION REQUEST 013413 – Diabetes guidelines

Please can you inform me of plans to align your latest Diabetes guidelines (December 2016) with drugs listed on Dudley formulary (<http://www.dudleyformulary.nhs.uk/formulary>)?

For example, dulaglutide is currently mentioned in the guidelines but not listed on medicines formulary.

The responsibility of this lies with Dudley CCG pharmaceutical consultants and lead GP.

Trust staff provide an advisory role for the Dudley Diabetes Guidelines only.
