FREEDOM OF INFORMATION REQUEST FOI/013768 – Cases of plagiocephaly

How many cases of plagiocephaly have you diagnosed and (or) treated in the last 5 years?

The Trust has identified 37 cases of plagiocephaly admitted to the Trust between 1st November 2012 and 31st October 2017, identified through clinical coding of ICD10 value 'Q67.3' as a diagnosis.

These are individual patients, who may have been admitted on more than one occasion. We are unable to identify whether treatment for this condition was the purpose of the admission
