FREEDOM OF INFORMATION REQUEST FOI/013863 – Discharges between 22.00 and 6.00

I'm looking for the number of people aged 65+ who were discharged between 22.00 and 06.00, for each month between January 1 2017 and December 31 2017.
I further request the information, if possible, to broken down into ages 65-74, 75-84, 85+ for the discharged patients.
Could I also have detail of how many patients were discharged to their home, to a nursing home, care home, rehabilitation, transferred etc. and whether their relatives were informed?
For clarity, I am not after all discharges - just those that have happened between 22.00 and 06.00.
