FREEDOM OF INFORMATION REQUEST FOI/013868 – GDPR

Please could you provide me with the following information under the Freedom of Information Act regarding General Data Protection Regulations (GDPR)

Total summary or estimate of expenditure to date to prepare your organisation for the incoming GDPR legislation

Detail on this expenditure e.g. staff training, software, department policies, hiring

Projected spend or budget for managing GDPR within your department for the rest of the calendar year

The Trust does not have a separate budget allocation nor has it established a separate expenditure code for the introduction of the GDPRs . Our information governance and IT security team have been working as part of the roles to ensure the Trust will be in a position to be complaint with these regulations next year.

As part of our ongoing IG work we have been enhancing our current processes to become complaint ahead of the final deadline in 2018 and have been weaving this requirement into our staff training and our policy updates and developments.

Therefore it is not possible to extract or apportion the costs associated with the introduction of the GDPRs from the work we undertake routinely to maintain effective systems of Information Governance and Information Security
