FREEDOM OF INFORMATION REQUEST FOI/014212 - 6-in-1 vaccine for babies

I am requesting information I believe you will have under Freedom of Information Laws.

For the purpose of this request please treat the 6-in-1 vaccine as encompassing all three doses.

I would like you to provide me with:

a) The number of 6-in-1 vaccines offered to be given to babies in the financial years 2017/18, 2016/17, and 2015/16.

b) The number of 6-in-1 vaccines that were refused by parents or guardians of the baby in the financial year 2017/18, 2016/17, and 2015/16.

c) The number of children diagnosed with any of the following in 2017/18 alone, who had not received the 6-in-1 vaccine when they were a baby because their parent or guardian had refused it. If a child was diagnosed with more than one of the below, please provide that information:
diphtheria, hepatitis B, Hib, polio, tetanus, or whooping cough

The Trust does not routinely carry out vaccinations, this would be down to the GP/Health Visitor.

However if the baby was an inpatient the Trust would vaccinate but this information would be recorded in the patient notes and not recorded electronically so a report cannot be run to look for this information
