FREEDOM OF INFORMATION REQUEST FOI/014369 – Cancer services

Please confirm how many people have been diagnosed with stomach cancer after attending A&E with abdominal pains / discomfort and people who have been diagnosed with stomach cancer after going to A&E when they were already diagnosed with something else e.g. thinking they had Gallstones.

Please check records from January 2017 to the present day.

Searching our Cancer Register database for patients who have had a diagnosis of “C16” (Malignant Neoplasm of Stomach) since January 2017 where the referral source was A&E Department there have been **0** diagnoses.
