FREEDOM OF INFORMATION REQUEST FOI/015062 – IT Windows 7

1. How many computers within Dudley Group NHS Foundation Trust are currently running the Windows 7 operating system?

2. Will all of these computers be updated with a newer operating system before Microsoft ends support of Windows 7 in January 2020?

Exemption 43 (2) applied given the organisation considers this level of information commercially sensitive from an information security perspective.

There is a greater public interest in maintaining the exemption 43 (2) which outweighs the public interest in disclosure, in order to protect public services against cyber security threats.

Cyber Security is treated as a serious threat for the organisation in today's climate of Cyber Events worldwide and in the UK and therefore awareness of Cyber Security Assurance is visible at Board level
