

Dispensing your medicines in a blister pack at discharge

Pharmacy

Patient Information Leaflet

Do you require your medicines in a blister pack to help you manage your medicines at home?

We will liaise with a local community pharmacy (The Broadway Pharmacy, Stourbridge) to dispense your discharge medicines in a blister pack and deliver these back to the hospital for you to take home.

The Broadway Pharmacy is responsible for dispensing all of our blister pack medicines at discharge, for those patients requiring additional support with their medicines at home.

How does the service work?

- Before you go home, and with your consent, one of our hospital pharmacy team will send your discharge summary, with information about the medicines you are taking, securely through our electronic system to The Broadway Pharmacy.

- Our team will make sure The Broadway Pharmacy have all the details they need to dispense your prescription in a Medi-Dose (compliance aid).
- In order to provide you with your medication, The Broadway Pharmacy may need to access your Summary Care Record (SCR). Access to SCR information means that the care provided is safer, reducing the risk of prescribing errors. It also helps avoid delays to your care.
- Once you are home, The Broadway Pharmacy will contact you to discuss any queries you may have regarding your medicines. If your medicines have changed, or if you feel additional support would be helpful, The Broadway Pharmacy will provide you with ongoing support.
- In the meantime, if you have any concerns, please do not hesitate to call them on 01384 377871.

Other pharmacy services

The Broadway Pharmacy can also provide advice on

- Coping with any changes to your medication.
- Side effects.
- Answering any queries you may have.
- Returning any stopped or out of date medicines to the pharmacy.
- Advice on healthy living.
- Advice on treating common illnesses.
- Help with stopping smoking.
