Under the Freedom of Information Act 2000, I would like to request the following information regarding adult neurorehabilitation.

Please provide answers on the attached and accompanying spreadsheet.

For the avoidance of doubt, when referring to the term 'neuro-rehabilitation', please include; brain injury (including acquired brain injury and traumatic brain injury) spinal injury, neurological conditions (including but not limited to Parkinson's Disease, multiple sclerosis, motor neurone disease and Huntington's Disease), stroke, neurobehavioural rehabilitation and cognitive rehabilitation. This list is meant as a guide and is by no means exhaustive.

For all questions, please only provide information on individuals who are solely funded by the NHS Foundation Trust.

The rehabilitation services are commissioned and paid for by Dudley CCG, the Trust identifies suitable patients as part of their pathway but whether they get sent is decided by CCG. The CCG would hold data surrounding numbers and costs - [dudleyccg.foi@nhs.net](mailto:dudleyccg.foi@nhs.net)
